Volume 61, No. 3-4, April 2009

Research Papers

- 129 **Spectroscopic Characterisation of Cationic Quaternary Ammonium Starches**
E. Pigorsch
- 139 **Monophosphorylation of Acid-thinned Starch to Enhance the Quality of Viscose Yarns Sized at Reduced Temperature**
Z. Zhu, Z. Liu
- 146 **Residence Time Distribution Determination Using On-Line Digital Image Processing**
S. Y. Lee, M. A. Hanna, D. D. Jones
- 154 **Utilization of Enzyme-resistant Starch to Control Theophylline Release from Tablets**
H.-S. Yoon, S.-T. Lim
- 161 **Synthesis and Evaluation of pH and Thermosensitive Pectin-Based Superabsorbent Hydrogel for Oral Drug Delivery Systems**
A. Pourjavadi, S. Barzegar
- 173 **Smart Pectin-based Superabsorbent Hydrogel as a Matrix for Ibuprofen as an Oral Non-steroidal Anti-inflammatory Drug Delivery**
A. Pourjavadi, S. Barzegar
- 188 **Novel Acrylic-modified Acacia Gum Thickener: Preparation, Characterization and Rheological Properties**
M. Nickzare, M. J. Zohuriaan-Mehr, A. A. Yousefi, A. Ershad-Langroudi
- 199 **Light Scattering and Viscosity Investigation of Dilute Aqueous Solutions of Carboxymethyl Starch**
Ž. P. Stojanović, K. Jeremić, S. Jovanović, W. Nierling, M. D. Lechner
- 206 **Physicochemical Properties of Banana Starch Oxidized under Different Conditions**
M. M. Sánchez-Rivera, G. Méndez-Montealvo, C. Núñez-Santiago, J. de la Rosa-Millan, Y.-J. Wang, L. A. Bello-Pérez
- 214 **Dynamic Rheological and Microstructural Properties of Normal and Waxy Rice Starch Gels Containing Milk Protein Ingredients**
A. Noisuwan, Y. Hemar, B. Wilkinson, J. E. Bronlund
- 228 **Symposia and Congresses**
- 229 **New Publications**
- 239 **Patents**
