

Certificate in Quantitative Finance

Are you ready for the next step in Mathematical Finance?

“ I think CQF has been one of the best investments of my professional career. This is a course that will not only give you the ammunition but also teach you how to use it. I would definitely highly recommend it. ”

Anuj Gupta,
Director, Equity & Commodity Valuations

The largest, fastest-growing and most practical quantitative finance program in the world.

Tailored for busy professionals, the six-month part-time flexible structure allows delegates to study while working.

All lectures are streamed live over the internet and recorded. Recorded lectures are available in perpetuity.

Education for the rest of your career. CQF Alumni benefit from an extensive and rapidly expanding Lifelong Learning program.
