

Subject Index

Adenylate cyclase

Arachidonic acid; Psoriasis; Epidermis; Am-80; Retinoic acid 97

Albinism

Melanin; Tyrosinase 181

Am-80

Retinoic acid; Adenylate cyclase; Arachidonic acid; Psoriasis; Epidermis 97

Anagen

In situ; Human; Hair papilla; Cell proliferation 78

Anti-inflammatory drugs, topical

Glucocorticosteroid; Normal skin; Autoregulation; Venoarteriolar reflex; ¹³³Xenon wash-out 42

Antigen 1-2B7B

Hemidesmosome; Epidermal neoplasm; Tumor-stroma interface 46

Arachidonic acid

Psoriasis; Epidermis; Am-80; Retinoic acid; Adenylate cyclase 97

Atopic dermatitis (AD)

Naturally occurring lesion; House dust mite (HDM); House dust mite, antigen-specific 73

Eosinophils; Langerhans cell (LC); House dust mite (HDM) 151

Autoregulation

Venoarteriolar reflex; ¹³³Xenon wash-out; Anti-inflammatory drugs, topical; Glucocorticosteroid; Normal skin 42

Cell proliferation

Anagen; In situ; Human; Hair papilla 78

Contact hypersensitivity (CHS)

Non-interval PUVA; Langerhans cell 91

Culture conditions

Hair growth; DNA synthesis; Organ culture; Human hair follicles 163

Culture in vitro

Pemphigus; Plasmin; Keratin intermediate filament; Keratinocytes; Desmosome, 6

Desmosome

Culture in vitro; Pemphigus; Plasmin; Keratin intermediate filament; Keratinocytes 6

DNA synthesis

Organ culture; Human hair follicles; Culture conditions; Hair growth 163

Endothelial culture

Prostacyclin; Platelet aggregation; Retinoids 157

Eosinophils

Langerhans cell (LC); House dust mite (HDM); Atopic dermatitis 151

Epidermal growth factor

Fibroblast growth factor; Transforming growth factors; Neurofibromatosis type 1; Peripheral neurofibroma; Nerve growth factor 137

Epidermal Merkel cells

Neuropeptides; Histochemistry; Psoriasis 145

Epidermal neoplasm

Tumor-stroma interface; Antigen 1-2B7B; Hemidesmosome 46

Epidermal sheet

Serum free culture system; Extracellular calcium 111

Epidermis

Am-80; Retinoic acid; Adenylate cyclase; Arachidonic acid; Psoriasis 97

Expression

Transforming growth factor β ; Skin; Scleroderma 131

Extracellular calcium

Epidermal sheet; Serum free culture system 111

Fibroblast growth factor

Transforming growth factors; Neurofibromatosis type 1; Peripheral neurofibroma; Nerve growth factor; Epidermal growth factor 137

Forskolin

Pigmentation; Proto-oncogene; Melanocyte stimulating hormone 35

Glucocorticosteroid

Normal skin; Autoregulation; Veno-arteriolar reflex; ¹³³Xenon wash-out; Anti-inflammatory drugs, topical 42

HaCaT cells

Keratinocyte morphology; Keratin expression; Protein kinase C inhibitors 103

Hair growth

DNA synthesis; Organ culture; Human hair follicles; Culture conditions 163

Hair papilla

Cell proliferation; Anagen; In situ; Human 78

c-Ha-ras

Human papillomavirus; Transplant recipient; In situ hybridization; Indirect immunofluorescence; *c-myc* 56

Hemidesmosome

Epidermal neoplasm; Tumor-stroma interface; Antigen 1-2B7B 46

Histochemistry

Psoriasis; Epidermal Merkel cells; Neuropeptides 145

HMB-45

Mouse; Monoclonal antibody; IKH-1; IKH-2 13

House dust mite (HDM)

House dust mite antigen-specific; Atopic dermatitis (AD); Naturally occurring lesion 73

Atopic dermatitis; Eosinophils; Langerhans cell (LC) 151

House dust mite, antigen-specific

Atopic dermatitis (AD); Naturally occurring lesion; House dust mite (HDM) 73

Human

Hair papilla; Cell proliferation; Anagen; In situ 78

Human hair follicles

Culture conditions; Hair growth; DNA synthesis; Organ culture 163

Human papillomavirus

Transplant recipient; In situ hybridization; Indirect immunofluorescence; *c-myc*; *c-Ha-ras* 56

IKH-1

IKH-2; HMB-45; Mouse; Monoclonal antibody 13

IKH-2

HMB-45; Mouse; Monoclonal antibody; IKH-1 13

Immunofluorescence

Vasculitis 26

In situ

Human; Hair papilla; Cell proliferation; Anagen 78

In situ hybridization

Indirect immunofluorescence; *c-myc*; *c-Ha-ras*; Human papillomavirus; Transplant recipient 56

Indirect immunofluorescence

c-myc; *c-Ha-ras*; Human papillomavirus; Transplant recipient; In situ hybridization 56

Interferon

Receptor; Scleroderma; TNF 82

Keratin expression

Protein kinase C inhibitors; HaCaT cells; Keratinocyte morphology 103

Keratin intermediate filament

Keratinocytes; Desmosome; Culture in vitro; Pemphigus; Plasmin 6

Keratinocyte morphology

Keratin expression; Protein kinase C inhibitors; HaCaT cells 103

Keratinocytes

Desmosome; Culture in vitro; Pemphigus; Plasmin; Keratin intermediate filament 6

Langerhans cell (LC)

House dust mite (HDM); Atopic dermatitis; Eosinophils 151

Contact hypersensitivity (CHS); Non-interval PUVA 91

Melanin

Tyrosinase; Albinism 181

Melanocyte stimulating hormone

Forskolin; Pigmentation; Proto-oncogene 35

Monoclonal antibody

IKH-1; IKH-2; HMB-45; Mouse 13

Mouse

Monoclonal antibody; IKH-1; IKH-2; HMB-45 13

c-myc

c-Ha-ras; Human papillomavirus; Transplant recipient; In situ hybridization; Indirect immunofluorescence 56

Naturally occurring lesion

House dust mite (HDM); House dust mite, antigen-specific; Atopic dermatitis (AD) 73

Nerve growth factor

Epidermal growth factor; Fibroblast growth factor; Transforming growth factors; Neurofibromatosis type 1; Peripheral neurofibroma 137

Neurofibromatosis type 1

Peripheral neurofibroma; Nerve growth factor; Epidermal growth factor; Fibroblast growth factor; Transforming growth factors 137

Neuropeptides

Histochemistry; Psoriasis; Epidermal Merkel cells 145

Non-interval PUVA

Langerhans cell; Contact Hypersensitivity (CHS) 91

Normal skin

Autoregulation; Veno-arteriolar reflex; ¹³³Xenon wash-out; Anti-inflammatory drugs, topical; Glucocorticosteroid 42

Organ culture

Human hair follicles; Culture conditions; Hair growth; DNA synthesis 163

Pemphigus

Plasmin; Keratin intermediate filament; Keratinocytes; Desmosome; Culture in vitro 6

Peripheral neurofibroma

Nerve growth factor; Epidermal growth factor; Fibroblast growth factor; Transforming growth factors; Neurofibromatosis type 1 137

Pigmentation

Proto-oncogene; Melanocyte stimulating hormone; Forskolin 35

Plasmin

Keratin intermediate filament; Keratinocytes; Desmosome; Culture in vitro; Pemphigus 6

Platelet aggregation

Retinoids; Endothelial culture; Prostacyclin 157

Prostacyclin

Platelet aggregation; Retinoids; Endothelial culture 157

Protein kinase C inhibitors

HaCaT cells; Keratinocyte morphology; Keratin expression 103

Proto-oncogene

Melanocyte stimulating hormone; Forskolin; Pigmentation 35

Psoriasis

Epidermal Merkel cells; Neuropeptides; Histochemistry 145

Epidermis; Am-80; Retinoic acid; Adenylate cyclase; Arachidonic acid 97

Rat

Thy-1⁺ dendritic epidermal cell; T cell receptor γ 68

Receptor

Scleroderma; TNF; Interferon 82

Retinoic acid

Adenylate cyclase; Arachidonic acid; Psoriasis; Epidermis; Am-80 97

Retinoids

Endothelial culture; Prostacyclin; Platelet aggregation 157

Scleroderma

Expression; Transforming growth factor β ; Skin 131

TNF; Interferon; Receptor 82

Serum free culture system

Extracellular calcium; Epidermal sheet 111

Skin

Scleroderma; Expression; Transforming growth factor β 131

Small nuclear ribonucleic acid

SSB/La nuclear antigen 121

SSB/La nuclear antigen

Small nuclear ribonucleic acid 121

T cell receptor γ

Rat; Thy-1⁺ dendritic epidermal cell 68

Thy-1⁺ dendritic epidermal cell

T cell receptor γ ; Rat 68

TNF

Interferon; Receptor; Scleroderma 82

Transforming growth factor β

Skin; Scleroderma; Expression 131

Transforming growth factors

Neurofibromatosis type 1; Peripheral neurofibroma; Nerve growth factor; Epidermal growth factor; Fibroblast growth factor 137

Transplant recipient

In situ hybridization; Indirect immunofluorescence; *c-myc*; *c-Ha-ras*; Human papillomavirus 56

Tumor-stroma interface

Antigen 1-2B7B; Hemidesmosome; Epidermal neoplasm 46

Tyrosinase

Albinism; Melanin 181

Vasculitis

Immunofluorescence 26

Veno-arteriolar reflex

¹³³Xenon wash-out; Anti-inflammatory drugs, topical; Glucocorticosteroid; Normal skin; Autoregulation 42

¹³³Xenon wash-out

Anti-inflammatory drugs, topical; Glucocorticosteroid; Normal skin; Autoregulation; Veno-arteriolar reflex 42
