

## ANNOUNCEMENT

### IX INTERNATIONAL COLLOQUIUM ON SOIL ZOOLOGY

Moscow, 12–21 *August* 1985

The next International Colloquium on Soil Zoology will take place on 12–21 August 1985 in Moscow, USSR. Participants of the Colloquium will discuss a number of questions dealing with the major problem of soil fauna and agricultural productivity. Emphasis will be given to results of both fundamental research and applied approaches. Besides the plenary communications and symposia, the Colloquium will display poster presentations.

A Soviet Committee has been formed, headed by Academician M. S. Ghilarov to organize the Colloquium. The address of the Committee:

Dr D. A. Krivolutsky  
A. N. Severtzov Institute of Evolutionary Animal Morphology and Ecology  
Organizing Committee IX International Colloquium on Soil Zoology
