

Corrigendum

Corrigendum to “The effect of the size distribution of
inoculant particles on as-cast grain size in aluminium alloys”
[Acta Mater. 52 (2004) 3859–3868]

T.E. Quested^{*}, A.L. Greer

Available online 19 August 2004

The authors regret that a symbol inconsistent with the text was used in Eqs. (5) and (6); the corrected equations are shown below.

$$\bar{d} = d_0 \exp\left(\frac{\sigma^2}{2}\right), \quad (5)$$

$$STD = d_0 \exp\left(\frac{\sigma^2}{2}\right) \sqrt{\exp(\sigma^2) - 1} = \bar{d} \sqrt{\exp(\sigma^2) - 1}. \quad (6)$$

The method, results and analysis relating to these equations are not affected by this correction.
